25X1A I talked to about the performance of his son as a courier in the Office of Logistics. In order to alleviate the situation in the interest of all concerned, I took the initiative and told 25X1A I was going to transfer to another area in the Office of Logistics. **25**×1∧ I arranged this with George Meloon, who will talk to n the next several days, inform him of the transfer, and warn him on tardiness and the need to conform to the office schedule of operations. I then called and advised him what we are going to do and also that within-grade 25X1A step increase due on 13 February would be deferred for a few months pend-25X1A ing proper performance on the part of was most grateful for this action in resolving this problem.

Extract to D/L on 4 February 1966
